

We are offering the following if you contract with us:

- **Monthly property reports hand delivered to you by one of our managers.** Reports include records of all services performed, weather conditions and resident interactions for each visit, list of suggested improvements along with prices, notes on the condition of your property. Reports can be customized the way YOU want them.
- **Assigned English speaking crew leader who checks in on each visit.** Our crew leaders have a portfolio of properties that they are accountable for. Our compensation system merits pay based on the condition of your property. That means crew leaders report to management any arising concerns with the landscape.
- **24/7 emergency support and 8-5 M-F Office receptionist.** Management will return all calls within 24 hours.
- **Free Shrub trimming at your request in between pruning visits.** If you see an overgrown shrub call us!
- **Trained and Safety Conscientious employees.** We self-certify our people to use our state of the art equipment.
- **Drug Testing at least two times per year for all our people.** We have really high standards here.
- **Clean and Identifiable Trucks and Employees.** Just look for the folks in blue shirts and khakis.
- **New State of the Art Equipment that undergoes rigorous maintenance to ensure superior performance.**

I promise you that our workmanship will be only of the highest standard. Anything less than excellent is not accepted by me and my management team. As the owner of my company, I will be personally involved in your property to ensure that we hold ourselves to these high standards throughout the entire contract period. I will listen to your needs and give you expert advice that will ensure the greatest possible improvement to the appearance of your property while meeting budgetary restrictions.
